bit.ly/2DRbkGV This is a list of all of the save files you can edit for the game Slime Rancher. Useful if you're feeling shy and don't want to share your cool slime creations with the world.

For more info on how to use the editor: <https://goo.gl/e8fs8L> A guide to using our Slime Rancher Editor tool is now available from our blog! This is a great opportunity for those who are shy about sharing their creations with others, or those who want to change something without starting from scratch. Follow these steps and remember - there's no ink limit! <https://www.bungie.net/en/Help/Article/13471> You can also use the in-game camera to snap photos of the slimes you've cross-bred in your own game; no tools or mods needed! Just capture an image of the Slime in action with your camera (found under "Creatures" in your inventory), then upload it when prompted when you're on our site. #SlimeTime
