Relationships between the attachment status of parents and children were examined across early and middle childhood using the Relationship Indicators of Parent-Child Attachment (REACH) scale. The study sample consisted of 147 mothers and their 4- and 5-year-old children. Quality of attachment was related to parental warmth, communication and conflict during an attachment interview. These results were maintained when maternal age and socioeconomic status were controlled for. The study highlights the importance of maternal sensitivity and quality of attachment in a child's attachment history.Le premier ministre du Québec, Philippe Couillard, est monté au créneau, mercredi, en affirmant qu'il n'est pas question de vouloir faire du Québec une mini-Canada. Selon lui, la décision, avant tout stratégique, d'expliquer à la population québécoise que le Canada lui-même ne peut pas s'apparenter à un grand pays, est le fruit d'une réflexion un peu plus longue que les quelques heures qui se sont écoulées depuis l'annonce du recul du Québec du Canada, lundi. «Ce n'est pas quelque chose que je fais quand je fais mon travail de premier ministre du Québec, c'
