Crafted in Italy using a Breville pump and elite barista, this machine comes with it's own custom kit that combines coffee types to create different drinks. So whether you're after a full on espresso or a ristretto, you can create a drink from an entire range of coffee types in one go. The 25 Litre water tank means that you can make up to 25 cups of coffee in one go. With a 20 Litre tank and a variety of coffees, Qbar provides you with great flavor and enough coffee to get you through the day. This machine will last you a good few years, with an intuitive touchscreen control panel, and easy-to-clean front. There is a variety of different filters that can be placed in the machine, making it easy to add flavors and aromas to your coffee, and a removable milk container that is perfect for when you're on the move. If you're in need of an espresso machine for your office, home
