Category: Flight Simulator 2004 - Aircraft Repaints, Textures and Modifications. Category: Flight Simulator 2004 - Aircraft Repaints, Textures and Modifications. The Apra Mountain ATS-53 is a single-engine turboprop aircraft that was manufactured by Apra Airlines from 1964 to 2001 when all of Apra's aircraft were purchased by West Coast Airlines, Now part of Alaska Airlines. The Apra Mountain ATS-53 is one of many aircraft depicted in the Silver Kings Mountains scenery by Quebec Airtree. This repaint is designed to depict the Silver Kings scenery, Which is a repaint of the Quebec Airtree Silver Kings Mountains scenery into the FSX scenery engine. It also features 5 towers, Along with the terrain and skybox for the Silver Kings Mountains area. For more information, please check out Quebec Airtree's website and the FSX Digital Airspace's Silver Kings Mountains.
