Secrets from the Future - theklub ===== Zigurd There is a hierarchy of indicators, and things change. An important "self-correcting" piece of economics is what price elasticity is and how to detect it. For example, there is a movement to tax carbon. Carbon taxes do affect prices. The absolute amount of innovation is still growing, but how quickly it happens is no longer a simple function of technological change, but also things like how many have already been deployed. Mark J. Rebilas/USA TODAY Sports Teddy Bridgewater averaged 14.4 yards per pass attempt while on the road in 2014. Teddy Bridgewater's Pass Defense: A.J. Klein Kevin Jairaj-USA TODAY Sports Bridgewater threw for 2,988 yards and 19 touchdowns with eight interceptions last year while leading the Vikings to an 11-5 regular-season record and a playoff berth. A lot has been said about Bridgewater's ability to run the Vikings' offense and his potential as a dual-threat quarterback in the NFL, but his work on the field as a passer is often overlooked. Bridgewater had a lot of help last season as the Vikings' offensive line played well and quarterback Kirk Cousins helped Bridgewater time the game well. Still, Bridgewater had just 12 touchdowns last year (one more than
