them. While the game focuses on the events leading up to D-Day, it will have the player delving into the years leading up to the war itself. Blitzkrieg is a real-time tactics computer game based on the events of World War II and is the first title in the Blitzkrieg series. It offers a strong narrative, full voice-over, a stunning mix of authentic and fictional locations, and a fully controllable battle front. The game offers numerous playable nations, including the British, the Americans, the Soviets, and the Germans. The player will command and control a unit to assist one of these nations, fighting the other nations' forces. The in-game single-player campaign consists of several missions and chapters. However, the main campaign is not the only game mode Blitzkrieg offers. There is also a multiplayer mode that allows

---

up to 10 players to battle it out in different game modes. The game is also packed with features, including a battle royale mode, skirmish mode, a solo-campaign, various customizations options and maps, and numerous game modes. Blitzkrieg 2 is a real-time tactics game where the player takes the role of a commander and must lead an army across Europe to force the invasion of the European continent. Each side must control the land and seas of a front that consists of several regions, all the way to Germany. Each region has its own unique location, landmarks, and mission locations.
