PSYCHOLOGICAL SERVICES Our Psychological Services consist of group therapy, individual therapy, and family therapy. Individual psychotherapy is the most important and effective approach to the treatment of a wide variety of mental health problems. Individual psychotherapy is the most direct, most direct therapeutic approach available to the therapist, and has the most empirical support for effectiveness. It is also the most patient-specific therapy. We are strongly committed to this form of psychotherapy, and we use it consistently to build an effective working relationship with our patients. Group Therapy is a very effective form of psychotherapy that is 2d92ce491b
