"Most of the documents that are being leaked, stolen or hacked, are basically troves of emails that were stolen from the Democratic National Committee and Hillary Clinton's campaign chairman, John Podesta. And what you are seeing is these Russian nationals, these WikiLeaks people, taking these emails, repackaging them in a form in which they can be released through the WikiLeaks format, which would then release them through websites, including The New York Times, or Facebook." "They're running them, and they're putting them out. The only question is, why?" Bolton added. "Are they doing it to help Trump? Are
