Download Autocad 2008 Portable Autocad Portable: Microsoft Windows Autocad 2008 Portable is a compact CAD application that offers many advanced drawing tools in a workspace that is easy to use. Autocad portable However it doesn't allow me to work in both 2d and 3d. I tried to change the page orientation via the option settings toolbars - " preferences " - " page setup " - " Page orientation " - " Laptop ", by changing " page size " to " Portrait " But this is not working. I need it to look like in this picture: I want to be able to see the drawing in two orientation, so that in 2d it will be similar to the picture I attached ( on the right side), but when I insert it in 3d, it has to look like this (in the left side): A: You can use some tricks to achieve this. Open a new drawing and choose the "Page Setup" option Choose the "Page orientation" tab Select "Laptop" or "Portrait" for the "Page size" option A: What you want is not possible. There is only one orientation per page for autocad. You will have to display the drawings

multiple times in multiple windows in order to display them in a different layout. Q: Is there a parametrized counterpart to `jQuery.each()`? I have an array or object that is used with `jQuery.each()`. I'm wondering if there is a way to create a function that will iterate an arbitrary object and return the results as a single object or array, all in one line. In other words, to get the output of this: `jQuery.each(obj, function(i, item) { var cssClass = 'class' + item.cssClassName; $('#' + cssClass).click(function() { var s = ""; // whatever...`
