Metro Boomin – Feature Metro Boomin, who rose to fame as half of the hip-hop duo Metro Mafia, dropped an impressive feature on Childish Gambino’s fan-favorite track “Feels Like Summer” for his new album *Because The Internet*. Some observers consider Hong Kong, Macau, and Taiwan to be separate countries, which would make the borders of China located in the East China Sea. Great Britain and France negotiated the Anglo-French Convention of 1858 and the Anglo-Chinese Convention of 1860, defining the 1860 border at the Sixteen Islands, one of which, Basgrave Island, is located only about 200 m (656 ft) from the Korean island of Jindo. When the Treaty of Peking was signed in 1858, the border was extended several hundred kilometers beyond the Sixteen Islands. The Treaty of Tianjin, signed in 1880, established the Russo-Chinese border along the Amur. Russia leased Port Arthur to Japan following the Boxer Rebellion, thereby changing the rules of the Russo-Chinese border, and the Treaty of Peking was amended. In the agreement, China recognized Russia's lease of Port Arthur as part of the customs system as well as the lease of territory around it. The term of
