

Why the Holocaust was Determinative in creating the modern State of Israel Why the Holocaust was Determinative in creating the modern State of Israel Published on 2016-10-08T12:44:12Z | From: the holocaust was not determined to change the universal geopolitical equation, but it did determine the fate of the state of Israel. Imagine that in your state, in your city, there are a lot of big events going on and you have the power to intervene in the process. And two times in the past few months, you were almost in the position of “what next? What would have happened if, on either occasion, you had decided not to intervene, say, by making a small speech at a banquet and handing out a few favors, What if you had simply behaved as if nothing has happened and returned to your daily routine? At what point would you have been visited by the call “what if” and the memory of the events of the last few months has started to haunt you? Why the Holocaust was Determinative in creating the modern State of Israel Imagine that in your state, in your city, there are a lot of big events going on and you have the power to intervene in the process. And two times in the past few months, you were almost in the position of “what next? What would have happened if, on either occasion, you had decided not to intervene, say, by making a small speech at a banquet and handing out a few favors, what if you had simply behaved as if nothing has happened and returned to your daily routine? At what point would you have been visited by the call “what if” and the memory of the events of the last few months has started to haunt you? The Holocaust was not determined to change the universal geopolitical equation, but it did determine the fate of the state of Israel. The fact that the Holocaust, a tragedy of the 20th century, was not connected to Israel was the reason that the biggest tragedy of the 20th century could be transformed into a source of pride and a state was established on the ruins of Europe’s largest ethnic cemetery. The result of the international order generated by the Holocaust - the creation of a sovereign Jewish state - had a catastrophic effect on the balance of power in the region. This is because it created a state that, unlike any other in the Middle East, had the
