We are excited to announce that players will be able to get ready for each match as they play in a 'workout mode' that will introduce both the training and tournament modes. This means fans will get to see how players move and change up their play style through conditioning and skill practice. Finally, FIFA 22 brings a new feature that will revolutionise online play and introduce true online play, allowing fans to play the game with their friends anywhere, at any time. Fans will now be able to play with up to 16 players against AI, allowing them to compete for some of the biggest and most prestigious titles the game has to offer. FIFA 22 will be available for pre-order on October 15 and will be released on December 1.

Features REAL WORLD CUSTOMIZATION – Set the pace of the game to your liking with 22 customizable kits. REAL WORLD CUSTOMIZATION – Create your own kit from 17 different Premier League kits. ## **Fifa 22 Features Key:**

- **Instant Gameplay**

FIFA 22 takes the friction out of instantly taking over possession and reaching every area of the pitch as you play the game at the highest settings. In FIFA 22 you can do more with what happens on the pitch over time.

- **Player Impact (3v3 Online)**

Three friends can take on opponents via the new 3v3 Online mode in FIFA 22. Draft your teammates, score, pass and execute killer actions in split-second timing for the big win.

- **New Tactical Cover Containment**

Use the camera to control where players are on the pitch, avoid physical contact between attacking and defending players - but still be part of the action. Force the opposition to adopt the bunker style, or keep yourself on the attack and stretch the opposition and use crazy tactics to score.

- **Massive Improvements in Player Intelligence**

Thanks to the new Player Intelligence (Physics Engine), in-game tactics will be more difficult, but the AI will be smarter. Intelligent teammates will go for the pass you want them to make - they will intercept, and break lines.
