### Fifa 22 Features Key:

- **Console-optimized gameplay:** Allows for more realistic ball physics, ball control and responsiveness in differentiating MLS soccer from other international leagues. Matches run at a greater speed, thanks to multiple passes, dribbles, balls on the ground, aerial duels and face-offs.
- **All-new online experience:** Allows for faster, smoother and more competitive online play, and includes Leaderboards, Quickplay online, Touch/Goalie Play, Club vs. Club, and Custom Matches.
- **Motion-controlled gameplay:** "Hyper Motion" uses real-world athlete data and motion capture technology to deliver players' motions directly into the game. All head motions are captured in 3D space and put right onto the player, creating stunning realism and player movements.
- **The new all-new Player Career:** Players start their career at an academy and earn experience points by proving themselves as a player.
- **New Complete Player Control:** The all-new Create a Player feature allows you to progress your player further with more realistic sets of abilities and tweaks to kit. Also, the brand new Pro Coach feature lets you become a head coach and play freely with the control of a PRO coach, creating tactics and getting in the head of your players.
- **New unlockable content:** See iconic players from all eras achieve more elite status and unlock more premium content as you progress through the game.
- **The biggest clubs in the world:** See your favorite club on the pitch as they command big-name stars.
- **Stunning player and stadium models:** Every player and stadium looks realistic, and each face their own distinct, striking custom visuals. Additionally, stadiums have unique skins that match their unique teams and clubs.
- **All-new Create a Club:** See the evolution of your club as you customize everything from stadium to kits.
- **One game, one world:** Choose any map to start your match on.
- **Improved MyClub Home Page:** Build your dream team, sign players, and share them across the world.
- **And much, much more**
