My query takes data from a record every 5min, and I'd like to query Google Sheets, so I can see the total number of records per day, week etc. How do I add a header to the query, and how do I add headers for date ranges? The query only needs to return up to two columns (int data type) SELECT COUNT(deviceId), deviceType FROM `your-project-id.your-dataset.your-table` WHERE Created NRA, Unions Back Texas Lawmakers The National Rifle Association and the International Association of Firefighters are behind three bills filed by Texas state lawmakers this legislative session that would restrict the number of concealed handguns that are allowed per person, require a permit to legally carry a concealed handgun and establish a training program for people who want to carry a concealed weapon. The NRA says HB-22 would put limits on the number of people who can carry a concealed handgun and give police the power to deny concealed handguns to lawbreakers. "We are proud to support the NRA-ILA's efforts in the State of Texas," the NRA said in a statement. "These bills are pro-second amendment, pro-life and pro-law enforcement."
