our User Name: Where can I
find a good design for a
vector of flowers? One of
my new initiatives is a
website. My space is
aesthetic in design and
functional in
implementation. I need to
have a vector graphic that
is of flowers... and I don't
know how to create one!
I'm not familiar with the
tools, so I don't even know
where to start. Is Photoshop
the answer? That is actually

what I was looking for. I like your reply! How can I create a vector form in Microsoft Word (including Excel)? I want to create my own brand. Do I have to have a good design, or can I have some free - up to the minute, designs? Do I need to sign a contract to buy a logo? No for the last one.

I'm sure you could find a great logo. You just have to make sure the branding is consistent with your company. I don't know of a filetype other than

Photoshop, though if you have it, you could export it as a pdf, jpeg, or even just an image. User Name: How can I create a vector form in Microsoft Word (including Excel)? I want to create my own brand. Do I have to have a good design, or can I have some free - up to the

minute, designs? Do I need to sign a contract to buy a logo? Great question! You should have a good look around online, this may be what you're looking for. Here's a link to an article that I wrote on branding, and how to do some searches on the net. I think it might help you. Thank you for your response. I tried searching for something online, to find out more about branding. I have searched the net and I did find a lot of information about design, but not much about "creat

It is crucial to obtain informed consent from children when they are offered ongoing outpatient chemotherapy. Understanding the needs and circumstances of children is essential in order to inform them of the risks and benefits associated with the procedure. The informed consent form (ICF) is a standard tool used to alert children to potential risks, benefits and treatment goals and to facilitate child participation in the decision-making process. However, children with advanced cancer

present with unique challenges and the specialized content needs to be adapted for this patient population. This ICF was prepared for children with advanced cancer (ages 0 to 18 years) in our outpatient palliative care and adult cancer chemotherapy unit. Following review of the literature, we gathered information from patients and caregivers, and included those suggestions. The ICF was tested for ease of understanding, readability and clarity. The ease of
